Safety First

Safety of The Portsmouth Building & Loan Co., First National Bank Building, is Absolutely Assured, as This Institution Loans Its Money Exclusively on First Mortgage on Real Estate, The Best Security on Earth!

If you are receiving less than 6 per cent interest on your savings or surplus money, the way is open to you to realize a larger income by opening an account with this institution. There are a number of reasons why a Mutual Building Association like this is the very best place to invest your savings. It is a strictly mutual business in which each member shares equitably in the profits. We have no preferred stockholders to get the cream of the profits.

We are under state supervision and our books and accounts are gone over carefully by the state examiners as often as they think necessary for the safe conduct of the business, and besides this our Auditing Committee has a paid auditor who checks up all of our books every six months. The officers of this company are heavily bonded in surety companies to provide a further notch of safety.

The report of the condition of this company as audited by the state examiners at the close of business August 31, 1914, is as follows:

You may wonder why a Building and Loan Company can pay 6 per cent per annum on savings and still be absolutely safe. The Profit and Loss statement above will explain this very easily. By analyzing it you will see that we do not have expensive offices and a lot of help that banking institutions carry. You will notice that our expenses for the past six months including everything is less than \$2,000.

Our dividends have never been less than 6 per cent per annum for the past 23 years, and we are in better shape today to continue paying 6 per cent than ever before.

We are making a steady, substantial growth each six months and it is but natural that we want to tell others who are not enjoying the privilege of membership that they make inquiry and call on us for further information. Our method of saving could not be more convenient. We furnish the pass book and you make your deposits as is convenient for you on which we will pay dividends each six months.

Any Accounts Opened This Month Will Draw the First Dividend Next March 1st

YOUR PATRONAGE WILL BE APPRECIATED!
